Message from the President

On behalf of the Board of Directors and entire team at Indianola Country Club, I would like to thank you again for your loyalty and support during this past year. As unusual as it was our team did a phenomenal job in keeping our members safe while providing an enjoyable golf experience. Our staff worked hard to evolve to serve our members in new ways. Ramping up our dining options that included “take and bake” were well received. We want to continue bringing you the service, entertainment, and convenience you need, even if it looks a little different from the past.

There will be continued uncertainty until most of the population receives the vaccine. However, the management team will continue maintain an environment that is safe for everyone. As the golf season approaches, we will do our best to communicate the precautions we will be taking at the Club. I do not anticipate any major changes; however, any modifications made will be equally thoughtful and measured.

With all the challenges the past year presented, rounds played, and membership were not one of them. We reached an all-time high for both. Golf was one of the few leisure activities that was deemed safe and acceptable. With said we experienced an influx of new members, which kept the course busy throughout the year and provide strength to our financial position.

Superintendent Joe Burke and his fellow team members continue to make improvements to improve the playability of our course. They have grubbed out overgrown trees within the ditches and opened the fairways over the past year. This has improved playability and overall visual appearance of the course. Joe and his team take great pride in our course and it shows. Please thank Joe and his team every once in a while, for the terrific job they do under difficult, and constantly changing conditions.

The board continues to review potential projects to be completed over the next 12-24 months that include repaving the entrance into the club, re-pour the patio and develop a solution to minimize the flooding around #10 green. The projects are not exciting however required as ongoing maintenance.

Last but not least, the financial health of the Club remains strong. Cash reserves are healthy despite the challenges over the past year. As I have mentioned in the past, profits of the Club are reinvested in our facilities and course to insure we continue to provide an enjoyable experience whether in the clubhouse or on the course. We will continue this strategy while maintaining a balanced budget.

Enjoy your game, enjoy our course, and welcome to the 2021 golf season. As always please reach out to any of the board members should, you have questions or suggestions to improve our Club. I would like to thank Ethan Mechling for his time on the board and welcome Brett Wright as a new board member. I deeply appreciate all members that volunteer their time and talents to improve the Indianola Country Club.

Respectfully submitted.

Thank You!

On behalf of the staff here at your club we want to thank those of you who have been supporting us since the golf course closed. Nick has done a fantastic job offering take and bake meals to help offset the lack of indoor dining the past couple months. Please remember you can always order take out by calling 515.961.3303 Option #1. Your support during these challenging times is appreciated more now than ever! The staff continues to wear masks and we continue to follow CDC guidelines for those of you contemplating indoor dining or socializing.
