Kids eat FREE on Friday Night in Mulligans!

Grab the kids and head out to the club of Friday evenings for kids eat free! For every regular menu item ordered a child will receive a complimentary item off our kid's menu. The pro shop is dwindling so we've created room to set the bags up so the kids are able to entertain themselves!

Offseason Dining/Lunch Special

Were you aware that every 5th regular menu item you order is now complimentary through March of 2022! Pick up your punch card the next time you're out dining with us during the week. Our lunch hours are Tuesday – Saturday from 11:00 a.m. – 2:00 p.m.

From the Board

Its election time again! This year we have three regular board positions available. Jeremy Johnson, Dr. Cory Drees and Gabe Capps have all decided to not run for another three-year term. We thank them for their dedication to the club. Feel free to contact any member of our current board if you would like to discuss the duties of serving on the board or if you have any questions. Ballots will be mailed out shortly so don't delay if you have interest in serving on our Board of Directors.

GHIN Handicap posting season ending.

The last day to post scores made on golf courses within the IGA's region was Sunday, November 14th. When a golfer is wondering whether a score can be posted because of the season, here's the key question to ask, "Is the course I played currently observing their active season?" If the answer is yes, the score should be posted. If an IGA member travels to Arizona in December and plays golf, those scores should be posted because Arizona observes an active season year-round.

Why the Need for Active and Inactive Seasons?

The USGA Course Rating™ and Slope Rating™ represent the difficulty of a golf course during mid-season playing conditions. Although the club and weather may permit play during the late fall and winter months, the varying conditions during the off-season months can alter the playability of the golf course (e.g., faster/slower fairways and greens, loss of foliage and rough height

fluctuation). Ratings issued to the club reflect the conditions of the course during the prime playing season. Posting scores made during the inactive season period for handicap purposes can affect a player's Handicap Index™ and must not be posted. To provide consistency in posting scores throughout a region, all clubs within a certain area must abide by the active/inactive seasons and handicap revision schedule established by the authorized golf association.

Frost & Frozen Greens

If frost is present anywhere on the golf course, we'd like to remind everyone that you may **NOT TEE OFF OR USE ANY OF THE PRACTICE FACILITIES**. We will encounter numerous mornings where the greens will freeze over night and not thaw out until early afternoon. When the greens are frozen you may **NOT TEE OFF OR USE ANY OF THE PRACTICE FACILITIES**. If the clubhouse is not be open, please look for signage of the 1st tee. If the clubhouse is not open and there isn't signage on the first tee and you're unsure, please text Superintendent Joe Burke at 515 – 249 – 8543. There are a few times we assume there won't be any play and low and behold someone will.

Clubhouse - Mulligans Hours

The clubhouse hours in the month of December will fluctuate based on our transition into more normal conditions for this time of year. As we've seen our temperatures have been well about average which has given us bonus golf for this time of year. We will plan on having the clubhouse open for golfers at 10:00 a.m. unless the weather is such that we can open earlier. In the case the weather is such that we won't have any players we will be observing offseason hours. When we reach those offseason hours, we will e mail the membership at that time to alleviate any confusion that may cause by posting those offseason hours in this newsletter.
